Where Kids Love To PLAY!

To our LSO friends and families:

We have an unusual, but most critical request. Recently, a young member of our LSO family was informed by doctors that he is rapidly losing the use of his kidneys. While they have not been able to determine the cause, he was placed on dialysis and an immediate search for a KIDNEY DONOR for this young man has begun.

We are withholding the name of the family, at this time, but would like to reach out to everyone in the LSO family so we can hopefully help them find a match who would be willing to help a young man in need. We are happy to serve as a point of contact for the family, and would like to ask everyone to share this with your own network in hopes of helping them to find the miracle they are desperately praying for.
